Advisory Action <i>After the Filing of an Appeal Brief</i>	Application No. 08/998,302 Examiner Brian A. Zimmerman	Applicant(s) STANFIELD ET AL. Art Unit 2635
--	---	--

--The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

The reply filed _____ is acknowledged.

1. The reply filed on or after the date of filing of an appeal brief, but prior to a final decision by the Board of Patent Appeals and Interferences, will not be entered because:

- a. The amendment is not limited to canceling claims (where the cancellation does not affect the scope of any other pending claims) or rewriting dependent claims into independent form (no limitation of a dependent claim can be excluded in rewriting that claim). See 37 CFR 41.33(b) and (c).
- b. The affidavit or other evidence is not timely filed before the filing of an appeal brief. See 37 CFR 41.33(d)(2).

2. The reply is not entered because it was not filed within the two month time period set forth in 37 CFR 41.39(b), 41.50(a)(2), or 41.50(b) (whichever is appropriate). Extensions of time under 37 CFR 1.136(a) are not available.

Note: This paragraph is for a reply filed in response to one of the following: (a) an examiner's answer that includes a new ground of rejection (37 CFR 41.39(a)(2)); (b) a supplemental examiner's answer written in response to a remand by the Board of Patent Appeals and Interferences for further consideration of rejection (37 CFR 41.50(a)(2)); or (c) a Board of Patent Appeals and Interferences decision that includes a new ground of rejection (37 CFR 41.50(b)).

3. The reply is entered. An explanation of the status of the claims after entry is below or attached.

4. Other: The reply filed 11/12/04 will not be entered because it raises issues that have not been previously considered. The applicant proposes adding limitations that require more than a cursory search of the application to determine whether the claims meet all 35 USC 112 issues for the embodiment being claimed. The applicant has failed to point out specific support for such limitations as suggested by MPEP 2163. Therefore, the amendment to the claims will not be entered and the status of the claims is as follows:

Claims 1-33 and 53-63 have been allowed.
